Dr. Cheryl McWilliams
Superintendent of Schools

September 14, 2022

Good afternoon Winters Community,

I want to provide you with an update and be as transparent as possible. We have been in constant contact with Colliers and Gilbane on resolving the power issue at Winters. At this time, the contractor is pursuing two simultaneous solutions with the expectation that school will reopen on Friday, September 16th.

I will provide an update tomorrow afternoon by 2pm on the status of the power being restored with the required inspections.

Sincerely,
Dr. Cheryl McWilliams
Superintendent of Schools
